VISION

We envision a society where each generation passes on the baton of doing well. Where coming generation live more responsibly and do not just think about the present, but also leave the world a little better then it was, be it in terms of resources or moral compass.

MISSION

“ Our mission is to be able to create an equitable society, sustainable communities, where each member is aware of one's own responsibility and contributions towards a greater good and a better and brighter tomorrow. ”

INTRODUCTION

Swastikam a Non-profit & Non - Government Organisation registered under Society Registration Act, 1860, with the basic objective of empowering the people at grass root level.

Despite, financial crunch and the lack of any govt. funding, the organisation has undertaken an increased volume of activities in previous and the year under review. The year is also memorable for it witnessed some important extra welfare programmes, which on the whole exerted a healthy impact on the functioning of the organization.

PRESIDENT'S STATEMENT

I am very excited to present the Annual Progress Report 2021-22 of Swastikam NGO. As we promised earlier we have delivered our best for the service of man-kind.

I am very thankful to our Secretary Mr. Nishant Balgovind and Treasurer Mrs. Jyoti Sinha for their tireless effort to implement so many programs and initiatives for the needy and poor people.

I thank all the donors and volunteers as well as our NGO members and office bearers for all the efforts they put to work as a team. The outcome was very satisfying and I hope we will continue working like this. So that soon we can be an example in society.

Programs in the fields of Women Empowerment, Education, Family and Health, Environment and Plantation, Skill Development, Covid Relief, Eviction Relief, etc. were executed and thousands of people were benefitted with these initiatives of Swastikam.

I have been requested by the people of Balwa Haat, to do more and more events related to "Swachh Bharat Abhiyaan" so that the market area will be neat and clean and free from all the diseases. This shows the faith and love the people have towards us and towards our work dedicated to the society.

I hope that in the coming years we will give new ways and new ideas to make new strategies for the betterment of society and individuals.

I hope, the way we have been working in the Society as an NGO, we will continue that same working pattern so that we all feel like a family in this organization.

Skill Development program of Swastikam benefitted 15 females which was a milestone for our organization. This will give freedom and self respect to all our trained Sisters.

My best wishes to all the team members for the coming year.

ANIL VERMA
PRESIDENT

Women Empowerment

Methods implemented

- Campaign kit set
- Verbal awareness
- Installation of hand washing stations
- Raising awareness through leaflets and information banner

We started various types of campaigns and Awareness programs to make people aware of the Corona Virus and the effects as well as consequences of the Virus. Various types of outlets have been opened to educate people and distribute Mask, Sanitizer, Soap, Hand Wash, and Sanitary Napkins to the people so that the effects could be controlled. Our main focus was the City Population as the struggle to survive in the city was harder because everyone has to go to work to fulfill the daily need, weekly, and monthly needs of the Individuals and their families too. The main purpose of the campaign was to create awareness to prevent the transmission of the coronavirus and to teach the public about the effective ways of hand washing techniques, distance measures, medical tests, etc., and safety measures. Rs. 75,585 spent.

COVID19
awareness & control program

Covid -19 awareness and control programs were organized.

Rs. 75,585 Spent

Women Empowerment Programs were conducted with the help of Canara Bank's CSR Fund. 120+ women were involved and felicitated.

Rs. 39,188 Spent

Skill Development program for the women were conducted for 15 Women for 30 Days

Rs. 50,414 Spent

Free Medical Camp for poor and marginalized people.

Rs. 11,256 Spent

Environment and Plantation Drive in Bihar.

Rs. 4,196 Spent

Educational program for boys and girls in Schools

Rs. 46,417 Spent

Women's Day - Assam

FROM THE DESK OF **SECRETARY**

AS A RESPONSIBLE SOCIAL PERSON, IT'S OUR DUTY TO RETURN **WHAT WE GOT FROM THE SOCIETY**

I am thankful to Sri Anil Verma for publishing the Annual Report 2021-2022 of Swastikam.

I take this opportunity to thank Mrs. Jyoti Sinha (Treasurer), who worked day and night to make our goals and dreams a success.

My sincere thanks to our Assam unit Adviser Anamika Basumatary and our Operation Director Alfred Basumatary for giving new heights to Swastikam and new hope to the people of Assam for all the work they are doing there.

I am thankfull to all our doners who donated selflessly to the cause of Swastikam. Year 2021-22 we have spent Rs. 4,14,507 including Establishment Expences and Activity Expences. The activities that were executed this financial year 2021-22 were Skill Development Program, Health and Family Welfare, Women Empowerment, Education to boys and girls, specially the poor.

The Skill development program done by Swastikam brought exponential changes in the life of 15 females as well as their family members.

The Covid is still a challenge for us, we have implemented many programs and works to make people aware of the new varients of covid19 and how to be safe from this.

Once again I thank to all our volunteers who selflessly gave their time and effort to conclude this years work.

NISHANT BALGOVIND
SECRETARY

ENVIRONMENT

We truly cannot understand the real worth of the environment. But we can estimate some of its importance that can help us understand its importance. It plays a vital role in keeping living things healthy in the environment.

Likewise, it maintains the ecological balance that will keep check of life on earth. It provides food, shelter, air, and fulfills all the human needs whether big or small.

Moreover, the entire life support of humans depends wholly on the environmental factors. In addition, it also helps in maintaining various life cycles on earth.

Most importantly, our environment is the source of natural beauty and is necessary for maintaining physical and mental health.

To stop illegal plant cutting and balancing environment our society started environment awareness programme. Under plantation programme our society working trees re-plantation for minimize bad effect due to pollution. Our society tried to give massage in the people for planting in their birthday ceremony to celebrate.

Our organization successfully planted trees of various verities such as Amrapali, Maldah, Bombay, Kalkatia, in fruits and Neem, Jammun, Banana, litchi, Kathal and other more verities. Rs. 4,196 Spent

“

according to swami vivekananda, environment is the first step for meditation...

-Swami Vivekananda

Good quality education is the foundation of new discoveries, new knowledge, innovation and entrepreneurship that trigger growth and prosperity of the individual as well as that of a nation. For this, we need to make our curriculum and pedagogy relevant to the needs of our society and economy and nurture qualities of problem solving and creative thinking, learning-by-doing, greater engagement with the live- context, and confident self-expression from a young age.

Savitribai Phule

Education & Discipline

BEFORE

AFTER

We have worked on ground level in Government Schools of Saharsa District. We brought various changes in the life, education, behaviour, approch to new topic and subject, etc of the students from Class I to Class VIII. There are various programs run by our NGO in these schools to make the student more attentive and positive towards the attandence of the school. Rs. 46,417 Spent

Year 2021-22 was full of new oppertunities. We have dedicated this year for the education of Childern and Empowerment of Women. Many work have been executed with support of Government agencies and private partnership.

International Women's Day Celebration 2022, Assam

केनरा बैंक
Canara Bank

The word 'Women Empowerment' itself implies that women are not powerful enough - they need to be empowered. This painful truth has been in existence for a long long time. It is in recent years that noticeable work started beginning to lift women out of the abyss of insignificance and powerlessness. The patriarchal society suppressed women's freedom across the world. Women were not allowed to vote or even put forward any opinion. Women were confined to their homes. As time progressed, they realised that their life meant much more than just serving in the household. As more and more women started crossing the man-made barriers, the world began to witness the rise of women. Unlike men, women never try to stifle the voice of their opposite gender. They hold the hands of all the downtrodden people - men and women both - and they pull them out of misfortune as they try to improve their lives. Keeping that in mind we have executed many programs that gave women a sense of freedom and sense of a valuable person in the society. Rs. 39,188 Spent

WOMEN EMPOWERMENT

Two initiatives or we can call it two experiments of Swastikam brought exponential changes in the life of students in terms of attendance in school and in the behaviour of the student.

1. “Painting/ Drawing Competition”
2. ”Gift in School”

We are not aware of the potential and Creative mind a student can have but we can bring out those Skill or the creativity through various ways. We adopted “Painting/ Drawing Competition”, as medium to bring out the inner Skill and Creativity of a child which will help any student, teacher as well as parents to nurture a good creative student. The 2 Painting Competition held in 2021-22 in Bihar showed us the path to change our mindset that there is a stage to be creative and think differently. The Painting Competition brought the positivity in students and they started to come to school regularly and many students who use to hesitate in presenting themself infront of the crowd or anyone started to hold the mic and narreted their story or thinking.

The 2nd initiative was “Gift in School”, this initiative also showed very positive response from the students and the teachers. We use to do sudden inspection to the school and whoever use to come to the school in full and proper uniform they used to be awarded with gifts from the NGO. The gifts included Copy, Book, Sketch Pen, School Bag, Story Book, etc. This initiative brought back lots of students in full and proper uniform to the school.

The school authority and the parents also apreciated this initiative as the flow of the students grew in huge numbers.
Rs. 46,417 Spent

EDUCATION & ENTERTAINMENT

7000+ Students benefitted from 2019-22

Rural Sanitation Development Awareness Programs

Concept of Rural Sanitation:

The concept of sanitation broadly includes liquid and solid waste disposal, personal and food related hygiene and domestic as well as environmental hygiene.

It would not be wrong to say that it hardly describes the sanitary conditions as they obtain in the villages of India.

Most of the people still defecate in the open space, most of the villages lack waste disposal and drainage systems and many in the villages are ignorant about the consequences of poor sanitation and unhygienic conditions. As a result, many people suffer and even die of diseases caused by unhealthy practices of personal and environmental hygiene.

Rural sanitation figures prominently in the National Agenda for governance. At present the extent of sanitation coverage in India is around 16 percent of all rural households. This figure is one of the lowest in the world, at par with countries like Niger and Afghanistan and possibly lower than Bangladesh.

The absence of safe sanitation contributes significantly to the poor quality of life as reflected by well accepted indicators like Infant mortality and morbidity rates. According to the Union Ministry of Health, around 7,00,000 children die each year due to diarrhoea and other water sanitation-related diseases.

Rural sanitation is a state subject. The state governments implement the rural sanitation programme under state sector Minimum Need Programme (MNP). The central government supplements their efforts providing financial and technical assistance through the centrally sponsored Rural Sanitation Programme (CRSP).

On regular basis we take the drive of awareness programs and work to inform and make people aware of the consequences of not following the guidelines of the government. Rs. 9,204 Spent.

Rural Sanitation Development Awareness Programs

SKILL Development Training Program

In India Female are considered to be the Symbol of "Shakti" (Power). When women are educated and skilled they have the potentials to move the whole society to a new level where family and society can prosper and flourish.

We honor that form of "Shakti" and try to empower women skillfully in villages of India so family and society in India can prosper and flourish with skill and educat.

15 financially weak females have been trained in Sewing and Knitting FREE of cost with the vision of Skill India to empower our Sisters and Mothers of Khajuri Panchayat, Dist Saharsa, Bihar. A 30 day FREE Sewing & Knitting Training Program was organized by Swastikam.

Rs. 50,414 Spent

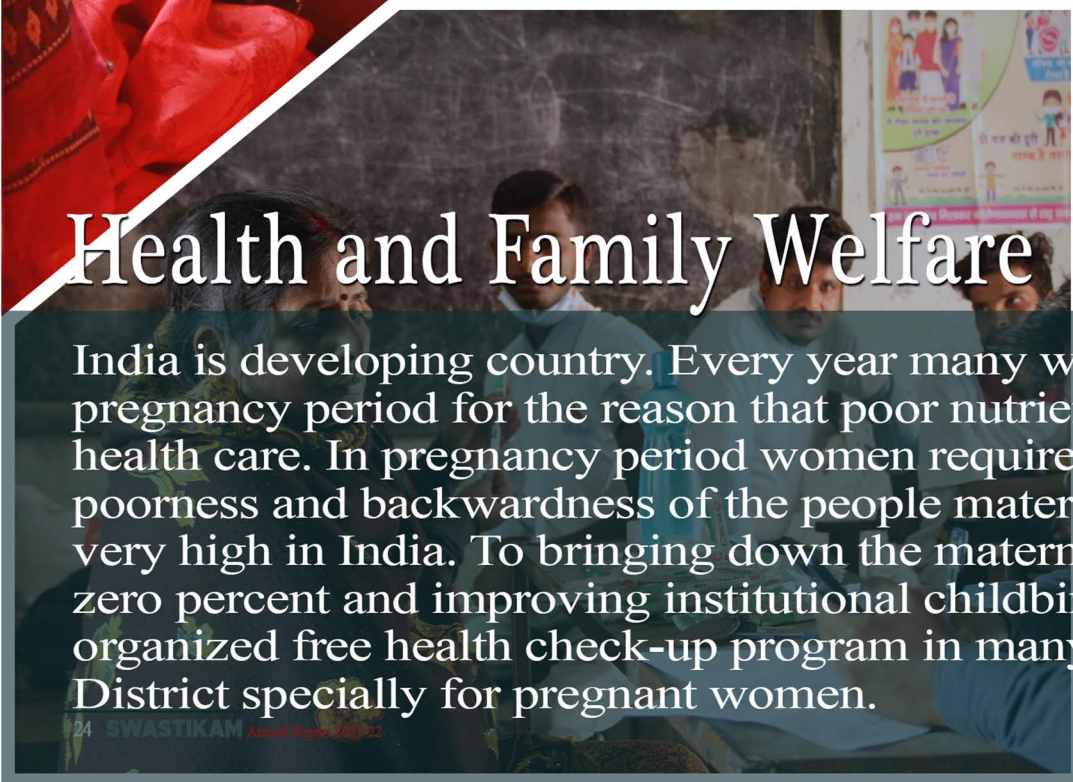
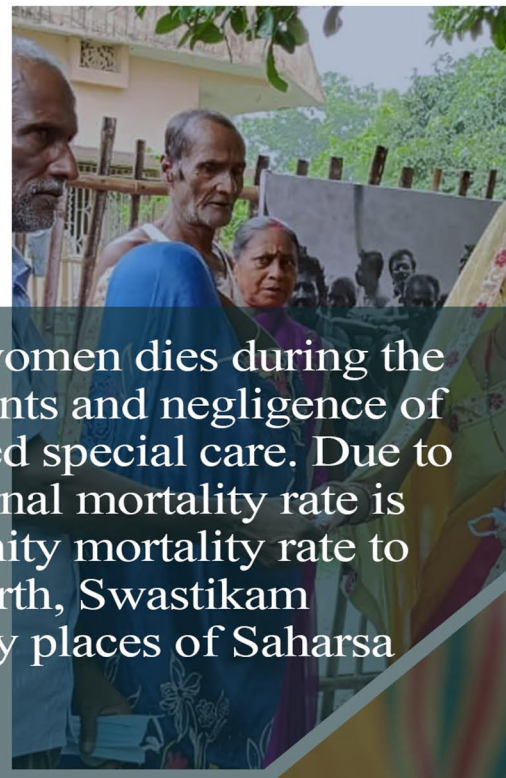
Skill Development Program





Health and Family Welfare

India is developing country. Every year many women dies during the pregnancy period for the reason that poor nutrients and negligence of health care. In pregnancy period women required special care. Due to poorness and backwardness of the people maternal mortality rate is very high in India. To bringing down the maternity mortality rate to zero percent and improving institutional childbirth, Swastikam organized free health check-up program in many places of Saharsa District specially for pregnant women.

Health and Family Welfare

The main feature of the programme held by Swastikam was lecturers by senior consultants, question/answer interactive session and distribution of free medicines.

The family welfare programme started by the society with the objective of reducing the birth rate to the extent necessary to stabilize the population at a level consistent with the requirements of the National Economy.

Swastikam Society organized family welfare programme in many places of Bihar & Assam states. The literacy rate of the states are very low and the need to aware the people about the facts that a small family is a healthy one.

About this programme

The main view of the society is to provide family planning services within the broader context of maternal and child health care. It disseminates information and education to enable couples to make voluntary informed choices regarding size of the family and spacing through contraception. Society spent 56,396 Rs on Health & Family Welfare Program.

AUDIT 2021-22
ANKIT RAJ & COMPANY

Our sincere thanks to Ankit Raj & Company for the profound service they gave to furnish the Audit Report 2021-22.

This year's Annual Report has been crafted to capture Swastikam's progress in FY 2021-22. We further hope that it offered you a glimpse of our efforts to have a long-lasting and fruitful impact on our beneficiaries.

The immense encouragement we receive from you and the dedication of the Swastikam family forms the backbone of this organisation and reinforces our commitment to social welfare and national development.
